Mr. George Turner  
U.S. Environmental Protection Agency  
WH-548A  
401 M Street, NW  
Washington, DC 20460

Dear Mr. Turner:

In compliance with 40 CFR 300.56(a) of the National Oil and Hazardous Substances Contingency Plan, enclosed please find the On-Scene Coordinator's (OSC) Final Report for the Tidewater Baling Corporation Site, Newark, Essex County, New Jersey. This report covers the initial site investigation, the earthen berm construction, and the erection of a fence around the contaminated area.

This report is being sent to you pursuant to 40 CFR 300.40(a) in your capacity as a member of the Regional Response Team. Please return the enclosed endorsement form to Mr. Richard Salkie, on behalf of the Co-Chairman of the Regional Response Team, within three weeks of your receipt of this report. An RRT endorsement of the attached report will then be forwarded to the NRT, along with any comments you may wish to bring before the NRT. Note that the NCP requires that the endorsement of the RRT be obtained within 30 days of receipt of this report. Please return this report for additional use if you do not intend to retain it for future reference.

If you have any questions, please contact me at (201) 321-6666.

Sincerely,

Eugene G. Dominach  
On-Scene Coordinator  
Removal Action Branch
